MEMORANDUM FOR: Executive Director-Comptroller

SUBJECT : Study of Agency College and Professional Recruiting Plans

REFERENCE : Memo dtd 22 Oct 65 for the Deputy Director fm [redacted] subj: Is There Need for Study of Agency College and Professional Recruiting Plans?

1. In reference memorandum [redacted] recommends that an outside professional group study Agency recruiting methods.

2. All of the points raised by [redacted] have been and currently are the subject of several studies and programs concerning our recruitment efforts. We are taking full advantage of expert and professional advice from a great many sources. Therefore, I do not feel that an outside review at this time is necessary or warranted. If in the future we find that such a study is advisable, I recommend that [redacted] memorandum be referred to the Office of Personnel for appropriate action.
